Types of Allowable Expenses

Use of Personal Vehicles

Expense claimants may require the use of personal vehicles for Kerry’s Place business. A personal vehicle is one owned, borrowed or rented/leased by the individual rather than by Kerry’s Place.

It is the responsibility of each individual using their personal vehicle for Kerry’s Place travel to ensure that the vehicle is properly insured for such use, and payment of such insurance premiums is the individual’s responsibility.

Every effort must be made to take the most direct route to the destination, using economical methods of transportation while taking into consideration the travel time involved. An employee having to report to work at a location that is not one of their regular work sites within their Region (to attend an event such as a meeting, conference or training session) will be entitled to reimbursement for the number of kilometers driven that exceeds their normal driving distance from their home to their regular worksite that is closest to the site of the event.

A salaried full time employee (that is, one not paid by the hour) who has to report to work for a second time on a working day or report to work on a non-working day (that is, a day defined as a non-working day by the supervisor because the time worked on that day is over and above the employee’s scheduled full time work week) to attend a meeting or deal with a crisis will be reimbursed vehicle use expenses from their home address.

An employee who is paid by the hour will be paid for the hours they spends at the meeting or dealing with the crisis but will not normally be reimbursed for vehicle use expenses (because they are essentially working an additional shift). However if an employee who is paid by the hour has to drive to a location which is (a) far from (in the judgment of the supervisor) any work site associated with the centre where the employee works or the Region that the employee serves AND (b) is further in distance than the distance that the employee normally drives to work, they will be fully compensated for the extra time driving and the extra mileage incurred.

When more than one person is travelling from a facility to the same destination, and a rental or personal vehicle is being used, those persons shall travel together where circumstances permit.

Reimbursement for use of a personal vehicle shall be based on the Kerry's Place approved kilometer/mileage allowance outlined on the Kerry's Place Autism Services Travel and Expense Reimbursement Form.

Non toll routes should be used for business travel whenever possible. Kerry's Place will not purchase individual transponders for employees. Use of toll roads for business travel is based on the reasonable judgment that the charges will save expenses in employee time and/or kilometers over non toll routes, and may be used in exceptional circumstances for example, to avoid construction, accidents or other unfavourable travel conditions. Additional costs incurred when a vehicle does not have a transponder will not be reimbursed by Kerry's Place.

Car Rental

When renting a vehicle, the most economical model available suitable for the number of occupants is required. Any exceptions must be documented and approved by the CEO prior to the rental. The collision and liability insurance offered by automobile rental agencies must be purchased. This applies even if the individual's credit card or personal motor vehicle insurance includes collision and liability insurance for rental cars since coverage may exclude coverage for business travel.

Parking

Reasonable parking expenses may be claimed when individuals use their personal vehicle or when using an authorized rental vehicle and free parking is not available. Long-term parking should be used whenever possible.

Train

Travel by train is permitted when it is the most practical and economic way to travel. Coach Class economy fare is the standard. Business class (VIA 1) may be acceptable with prior approval in limited circumstances such as the need to work with a team or in choosing a travel time that allows lower expenditures on meals or accommodations. To qualify for reimbursement of VIA 1, it must be clearly demonstrated that the savings in meals and accommodation offset the additional cost of the upgrade.

Air Transportation

Kerry's Place will cover the cost of the original air ticket. If an individual wishes to make changes to their original arrangements, preapproval must be obtained. If the change is for voluntary reasons all additional costs will be the individual's responsibility. If the change is involuntary due to a Kerry's Place mandated change, additional costs will be borne by Kerry's Place.

Should a non-electronic ticket be lost or stolen, the individual must report it to their Kerry's Place manager or organizer immediately. (In most cases, electronic tickets are issued to reduce costs and to prevent lost ticket exposure.)

Frequent Flyer Program – Kerry’s Place will not reimburse the cost of these programs. Free tickets and upgrades from frequent flyer programs are to promote personal travel. Free tickets and vouchers received from an airline are considered personal property. Kerry’s Place will not reimburse for the value of these tickets if individuals choose to use these for business purpose.

Flight Cancellation – Should a flight be cancelled the credit remains in the name of the individual flying. Credits must be logged and tracked for re-use on follow-up Kerry’s Place business. Should an individual leave the employment of Kerry’s Place, they may purchase the credit from Kerry’s Place for personal use; if this does not occur, Kerry’s Place will be charged for the unused ticket amount as the credit will then be void. In the event an unused ticket expires prior to reuse by the traveler for a Kerry’s Place related function, Kerry’s Place will be charged for the cost of the unused ticket.

Non-Refundable Tickets – If non-refundable tickets are not going to be used, it is important the reservation be cancelled BEFORE the first flight; otherwise the ticket may not have any residual value. While airline rules change periodically, generally unused non-refundable tickets may be turned in for credit toward the purchase of another ticket, if the following three criteria are typically met:

- Travel must be done within 12 months;
- Travel must be on the same airline;
- Travel must be used by the same traveler.

Illness or Death – Cancellations that result due to the death of a family member or for medical reasons, the individual will be required to supply Kerry’s Place with appropriate documentation to enable Kerry’s Place to process the necessary claim with the airline.

Luggage Restrictions – Some airlines have implemented additional charges for passengers who check luggage. Kerry’s Place will reimburse charges for up to one piece of luggage that are within the airline’s weight and luggage restrictions. An original receipt of payment must be submitted with the Expense Reimbursement Form.

Taxis & Local Transportation

Reimbursement of expenses for Taxis will be approved in accordance with the following guidelines:

- When pre-arranged transportation has not been made by Kerry’s Place;
- When the use of public transportation is not feasible;
- When airport service(s) is not available;
- When hotel transportation (i.e. shuttle) is not available.

Hotel/Motel Accommodation

Accommodation will be provided at mid-range priced hotels/motels. If the hotel stay is in a large city (e.g. Toronto), Kerry's Place will reimburse up to \$200 per night plus taxes and up to \$150 for hotels outside large cities. Some examples of mid-range hotels are the Sheraton, Delta and Holiday Inn.

Meals

Employee travelling to and/or attending Kerry's Place meetings are reimbursed for reasonable meal expenses, subject to approval by the claimant's manager.

Food items purchased on travel days will be reimbursed by Kerry's Place. Employees are asked to exercise consideration when purchasing meals at these times. Reimbursement for meals shall be based on the Kerry's Place approved amounts outlined on the Kerry's Place Travel and Expense Reimbursement Form.

These amounts include taxes, tips and beverages. Kerry's Place will not reimburse purchases of alcoholic beverages. Employee should ask the restaurant for a separate invoice if having alcohol with their meals. If one invoice is received, alcoholic beverages should be subtracted from reimbursable meal expenses when submitted.

Meals are not reimbursed when:

- the meal is provided as part of the function;
- conference registration fees or accommodation costs include meals;
- meal expense exceeds a reasonable limit or was not substantiated with original detailed receipts.

Hospitality and Entertainment

As a rule, Kerry's Place does not support entertainment unless it is directly related to the employee's position and approved by the CEO.

All expenses must be described in detail (including the names of the individuals, which company they represent and the business reason for the event) when submitting the expense report. This requirement applies to all individuals present at the event including other Kerry's Place employee.

Entertainment of fellow employees is not allowable, unless approved by the CEO.

Where two or more employees from the same department are incurring meal expenses, the most senior level employee should pay the bill.

Catering

Catering for Kerry's Place functions should be limited. Alcohol is not reimbursable by Kerry's Place.

Refreshments (coffee/snacks) for breaks at training events may be purchased on the basis of up to \$4.00 per person per day. Example: 20 people = 20 X \$4.00 = \$80.00, 6 people = 6 X \$4.00 = \$24.00.

Lunches for Kerry's Place training may be purchased on the basis of up to \$12.00 per person per day. Example: 20 people = 20 X \$12.00 = \$240.00.

Telephone/Internet Charges

Kerry's Place will reimburse personal calls at its discretion. Members are encouraged to use a company issued or personal cellular telephone when placing personal calls to avoid hotel surcharges. Business calls relating to the individual's facility are to be charged to that facility. High Speed Internet charges incurred during hotel night stays that are covered by Kerry's Place will be reimbursed.

Gratuities

Kerry's Place will reimburse for reasonable gratuities claimed for meals and baggage handling. Gratuities should be identified to the service they relate and should be noted on the original receipt as applicable. Gratuities are capped at a maximum of 15%.

Combining Business and Personal Travel

Travel that combines business and personal travel is reimbursed at the lesser of:

- Actual transportation expense; OR
- Those expenses that would have been incurred if the personal travel had not taken place, applying reasonable estimates where necessary.

When a business trip is extended for personal reasons, the member is responsible for all additional costs incurred. This includes any additional cost in airfare due to travel dates that differ from the scheduled departure and returns dates of the Kerry's Place business event.

Gifts of Appreciation for Non-employees

Token gifts of appreciation, valued at up to \$50 per person, may be extended to non-employee persons in exchange for pro bono services. Alcohol may not be given as a gift.

Employee Gifts

Employee gifts are normally not reimbursed as Kerry's Place already provides for retirement, bereavement and long service employee recognition. In the unusual circumstance where reimbursement is appropriate, it must be approved by the CEO. An explanation as to the name of recipient of the gift and the reason for the gift must be documented on the expense form.

Expenses for Consultants and Other Contractors

Consultants should seek reimbursement only for expenses explicitly agreed to by the consultant and Kerry's Place, and as detailed in the consultant's contract. In no circumstances can hospitality, incidental

Cash advances to fund travel will be considered where extensive travel is being planned. Management must make the request in writing to the Finance department for approval.

Approval of expense claims

It is the responsibility of the individual authorizing the expense to ensure all claims are supported by adequate documentation and that the expense is appropriate and in accordance with Kerry's Place policy.

cash register receipts. Credit card and debit card slips are considered proof of payment and are not treated as original receipts to support expenses. Failure to submit original receipts will result in the claim being returned to the originator. If an original receipt is not available, an explanation as to the reason the original receipt is not provided must be documented and submitted.

It is the responsibility of the claimant to ensure the correct expense code is used. Any claim submitted without proper coding will be returned.

Expenses will be reimbursed in Canadian funds. If expenses are incurred in US dollars, the supporting receipts should be clearly marked as US dollar receipts. The Canadian dollar amount of the expense should be entered on the Kerry's Place Travel and Reimbursement Form. Proof of exchange rates to convert US dollar amounts to Canadian dollar amounts must be attached. Proof of exchange rates can be either a copy of the credit card statement showing the transaction that indicates the exchange rate or a printout of the exchange rate in effect on the transaction date. Bank of Canada rates obtained from the Internet are considered acceptable.

Internal audits will be conducted by Kerry's Place Finance Department to ensure that expenditures are appropriate and authorized, and in adherence to this policy.

Timeliness

Expense claims for traveling should normally be submitted within one month's completion of the trip. Any expenses submitted more than four months after being incurred may not be reimbursed and an explanation indicating reasons for the delay in submission must accompany the expense form. The expense report including original receipts should be sent to the Finance Department.

Record keeping

Good record keeping practices will be maintained by the Finance Department for verification and audit purposes.

Payment

Payments will be made by electronic funds transfer (EFT) only.

Occasionally, Accounts Payable may adjust the amount of the reimbursement on a particular expense item. Typically this would occur when the expense item violates one of the stated policies. The individual making the claim will be notified of the adjustment and the reason(s) for same.
